

WQSC Dinghy Race Report – Races 3, 4 & 5

16th July 2017

Three Straight Bullets for Sophie!

A great race day with three short races, but only a few keen competitors.

With Steve losing his rudder in the first race and Graham capsizing in the second the day was certainly not short of action. Steve came back in the second race but Sophie still hung on winning by just 8 seconds.

The day definitely belonged to Sophie, especially as this was her first time sailing a Europe class dinghy. Congratulations to her!

Thanks also to Matt and Rob who ran the race and helped out with the incidents.
